

HP
80' x 162'

908 - CRITERION CATALYST, Medicine Hat, A.B.

Criterion is an international company that supplies catalysts, process technologies and catalyst services for a wide range of refining applications. An 80' wide model HP MegaDome, was

installed on two courses of concrete Lock-Blocks, on an existing asphalt paved slab. To compensate for the slope of the existing pavement customized base adjusters were installed.
